Bee Held to Clean Up Church Property
Tuesday, Sept. 18th was the day set for the "Bee" to clean up the burned church and Community House property. A large number of workers were on hand, including our genial minister, Mr. Bull, who doctored overalls with the rest of the men. The weather man forecast us with sun and rain, for a wonder, and the work went smoothly.

Wilson Morse and Percy Kimball were on hand with their trucks, and Dr. Hubbard pretended that his Nash touring car was a "truck"; and the blackened timbers and rusty iron were hauled to a convenient dumping ground. It was hard, dirty work, but the men did not complain. At noon, the circle provided an excellent dinner, for the workers and for anyone who wished to avail themselves of a chance to get a baked bean dinner. After dinner, the men enjoyed a smoke through the generosity of Mr. Lockwood, then work was resumed. The ladies enjoyed a social time after the dishes were washed. The workers went home tired, and with blackened hands, but with a comfortable feeling in their hearts that they had accomplished a good work.

The community feels so grateful to all good friends who have manifested so much interest in the work of rebuilding, and who have contributed so generously. We are indeed a favored community.

It is hoped that the work of rebuilding the Community House will begin this fall.

WHEN THE LEAVES TURN

They had just stepped from a large sedan and stood admiring the cluster of red leaves that fastened the fence at Lovell Center, when the woman, "We could gather a bunch, place them around the house—why, they are perfectly gorgeous."

"I'll gather some," said the man. "I think Virginia Creeper has the most delightful autumn tint."

"It's poison ivy, mister," interrupted a small boy in a uniform that fortunately is becoming more and more common. "When you see five leaves, you are safe. With three, like that, however, you have to watch out. Better leave that alone."

The man smiled. "And are you stationed here to warn thoughtless motorists like me?" he asked.

The boy nodded. "It's our troop's good turn," he explained. "We each take a day a month, and you would be surprised how many people we keep from this dangerous stuff."

Then he turned to warn a group of little girls who were running across the field toward the mass of gorgeous poison.

"The value of highways
"Rome was only as great as her highways, a keen minded historian has pointed out. He was right," says the Grand Forks, North Dakota, Herald.

"As the roads spread the power and prestige of the nation, the Alps were sealed, the Territory now occupied by the French republic was covered with a network of hard surfaced highways, and all roads led to Rome."

"The old roads of Caesar's day were built as military roads, of course, but they were used for purposes of the hour and served their end."

"In the United States hard surfaced roads are not needed primarily as military roads, but we are living in the age of the automobile and nobody is going back to the horse and buggy. We travel by motor and move our supplies to a considerable extent by motor. The state with poor roads is behind the times and not abreast with the needs of the age. Progress depends to a considerable extent upon roads and so long as we burn gasoline and travel on rubber, this will continue to hold true."

"Is the United States, or any state within the United States, only as great as its highways? An affirmative answer may be a trifle harsh and a bit overdrawn but at that it would not miss the mark a great deal."

CHILDREN AND SALADS
This is the day of the salad. No woman will deny this of few well-set tables do not boast of at least one salad a day. It may be a vegetable salad, a fruit salad, or a combination of both. It may contain fish, meat, eggs, nuts or a combination of two or three of these foods.

Almost any woman can prepare a salad that will meet with the approval of grown-ups, but it is a far more difficult matter to meet with the approval of children. Lettuce, tomatoes, celery and other salad ingredients do not please most children as they do adults.

Still, the children need the minerals, salts and vitamins of salads. Until they have learned to eat foods mentioned, see to it that they get salads made from ingredients that they will relish. Sliced oranges and peaches or the same fruit with popcorn, might do for a start. Raisins and oranges served with sauce made from powdered sugar, orange juice and whipped cream is something a little more "fancy." Mixtures of fruits of various kinds may be prepared and served on cold, crisp lettuce leaves. A tasty sauce poured over the whole will greatly aid in the children to devour the flavored lettuce—and one more excellent food will thus have been added to their list of likes.

Any youth who has but a single aim in life will soon arrive at the end of the harvest.

Sunday School Lesson

(By Rev. F. R. FURZAKER, D.D., Dean Moody Bible Church, (C. 1928, Western Newspaper Union.)

Lesson for September 23

THE CHRISTIAN BASIS OF TOTAL ABSTINENCE

Temperance Lesson.
LESSON TEXT—1 Cor. 6:1-12.
GOLDEN TEXT—Let no man seek his own but every man another's wealth.
PRIMARY TOPIC—Helping Others to Keep God's Law.
JUNIOR TOPIC—Helping Others to Keep God's Law.
INTERMEDIATE AND SENIOR TOPIC—Abstinence for the Sake of Others.
YOUNG PEOPLE AND ADULT TOPIC—The Christian Standard of Social Conduct.

In this section of Scripture Paul is going to show us the great doctrine of Christian liberty and forbearance. The occasion of this teaching was the uncertainty as to the right attitude for Christians to take toward things sacrificed unto idols.

The idol is nothing (v. 1-6). Intelligent people know that an idol is nothing but a piece of timber or stone. They know that there is only one God, the creator and sustainer of all things. Since an idol has no real existence, the eating of such meat is a matter of indifference. It should be borne in mind that the principle stated in this section has reference to things which are in themselves wrong. Strictly speaking, there is no indulgence in intoxicating liquors. To do so would be a perversion of Paul's meaning. The indulgence in intoxicating liquors, the use of tobacco, etc., are things wrong in themselves because they injure the human body. The holding of stock in certain corporations and having partnership in illegal business are things that are wrong in themselves. In applying this principle to the use of intoxicating liquors, this should be borne in mind. The principle can be applied only to things which are in themselves harmful.

(1. Not All Christians Have Maturity of Discernment (v. 7, 8). Uninstructed Christians were still possessed of the conviction that an idol was really a living and powerful being. For those persons to sit down to a social meal where such meat was eaten would be to expose themselves to the liability of being brought again under bondage to their sins.

(2. The Christian's Behavior in Such Cases (v. 9-13). 1. He should take heed lest his liberty become a stumbling block (v. 9). 2. Liberty must be curtailed for the sake of the weak brother (v. 10, 11). 3. To disregard this is to sin against our brethren (v. 13).

To disregard our brother's interest is to sin against Christ, for it is sinning against the one for whom Christ died. To place a stumbling block in the way of the believer is a terrible crime. In enforcing this, three important considerations are brought out:

(1) The fate of the weak brother (v. 11). He perishes. Human sympathy, let alone Christian love, would cause a man to give consideration to his conduct lest he cause such a loss.

(2) The relation of the man to his savior. He is his brother.

(3) What Christ did for the "weak brother."

Christ died for him; therefore to sin against a brother is to sin against Christ, because the brother is a member of Christ's body.

(4) The Teaching Illustrated in Paul's Life (ch. 9).

At Corinth Paul worked with his own hands lest his mission to them should be misjudged. While he vigorously contended for his right to ask for support of them, he refrained from asking. By means of his own labors and the donations which he received from the Macedonian churches he was able to boast that he had not been chargeable to them.

(5) The Teaching Applied (10:23-33).

1. Christians may indulge in lawful things only as they are expedient and unto edification (v. 23).

2. Let no man seek his own, but each his neighbor's good (v. 24). The principle of love is unselfishness.

3. Whether therefore ye eat or drink, do all to the glory of God (v. 31).

The Christian is not at liberty to do that upon which he could not ask God's blessing.

4. Give no occasion for anyone to stumble (v. 32).

We should so live that no one can say that we have been the occasion of his downfall.

5. Follow the example of Jesus Christ (11:1).

Christ gave up all for the sake of others.

The Road of Good Works
The road of good works is blocked by our past sins. It is sure to be further blocked by our future sins; we ought, therefore, to rejoice that God has commanded us the open road of faith.—Spurgeon.

Thank God
Thank God for a gospel that sings itself into our daily lives, and that bids us sing away sorrow and care! Sin has no such hymns.—Clarence Eberman.

SOUTH WATERFORD

Reception Given Hamlin—Roland Brown returned to New York—Abbott Sold Furniture—Schools Re-opened—Kimball Moved Into Marr Rent.

The informal reception, social and dance given to Mr. and Mrs. W. K. Hamlin, to celebrate their fiftieth wedding anniversary, took place in the Grange Hall on Saturday evening. The genial couple, who have traveled on life's journey for fifty years, side by side, received congratulations from a large gathering of relatives, brothers and sister Grangers and friends, also in the line for congratulations were the third daughter and her husband, Mr. and Mrs. W. W. Abbott, who hope to celebrate their twenty-fifth wedding anniversary at the close of the year. This reception was under a very pretty arch of goldenrod and asparagus, suspended from its center a dainty bell of golden glow. It was indeed a pretty setting. Andrews' Orchestra furnished appropriate music during the reception. Following the reception, Mr. and Mrs. Albert Hamlin led a real old-fashioned march, after which Mr. Hamlin said a few words of welcome and bade one and all to enjoy themselves to the very extent. During the evening, Mrs. Alice Warren served delicious punch and plenty to be had at the latest hour. Soon the happy group were led to the dining rooms where the tables were decorated in beautiful garden flowers and here lovely decorated wedding cakes and all sorts of delicious cakes, crackers and cookies, with the cream and coffee, were served without stint. Soon after this beautiful repast, Burton Sanderson, in his pleasing manner, presented Mr. and Mrs. Hamlin with a very pretty mahogany clock, as he said, simply as a souvenir of the occasion. (For the Hamlin family had requested no gifts). Mr. Hamlin responded in his gracious manner. This simple remembrance came from the Grange, their beloved order. It was indeed a happy time, not only for Mr. and Mrs. Hamlin and their family, but for all present. Mr. and Mrs. Hamlin were blessed with the presence of the four daughters, Mrs. Raymond Warren of Portland, Mrs. Arthur L. Sanderson of Harrison, Mrs. W. W. Abbott and Mrs. Harry Haynes and one son, Albert W. Hamlin. All were there and gave this wonderful time to the celebration. Such celebrations are not many and surely to have all the members of the family present is indeed quite a marvel. All the grandchildren, but one, six in number, are living with four there to remember the occasion and repeat it in years to come. Mr. and Mrs. Hamlin began their married life in Fairhaven, Ct., going there soon after marriage in Waterford. The two oldest daughters were born there. At the death of Mr. Hamlin's father, the family moved back to the farm, staying there for five years. Since that time they have lived in our village where Mr. Hamlin has been a very successful business man and has done much to keep Waterford on the map. May they live to enjoy many more years in this happy union, is the wish extended by all.

Joshua Bennett of Bridgton spent the week end at the home of W. K. Hamlin, celebrating the anniversary celebration. Roland W. Brown of New York City, who has passed the summer with his cousin, Mr. and Mrs. Robert Plummer, left for New York, on Friday. He will visit in Portland a week with friends and then return to his position as guard in the New York University. Mr. Brown came to Waterford as a sick man the first of the summer, but returned quite well. Mrs. Riggs and Mrs. Charles returned to Harrison on Sunday.

Mr. and Mrs. E. E. Abbott, Mrs. A. A. Monroe and Ethel were in Bridgton, Sunday, calling on Mr. and Mrs. James Leopold. These young folks are working every spare moment on their new bungalow which is to be very pretty and comfortable.

Harry Craig and family, Curtis Jennings and Miss Emery of Farmington were week end guests of Mrs. Orrie E. Monroe, at Athol Cottage.

Mr. and Mrs. Curtis of Madison arrived at W. W. Abbott's, on Saturday, for the week end. Their daughter, Ada, who has worked in the Abbott family for a year, has returned home with her parents for a two weeks' vacation.

Mrs. Clara F. Sargent had a bad fall turn early Monday morning and is under a doctor's care.

W. W. Abbott has sold his fine Jersey bull and five of his registered Jersey cows this past week, to Dr. Merrill of South Paris. Mr. Abbott has recently bought a new heifer of full-blooded stock.

Dr. and Mrs. Watson returned to Hawthell, Mass., on Sunday, after spending the week in town to attend the Oxford County Fair at South Paris.

Several attended church at North Waterford on Sunday, when a fine sermon was given by Bishop William Anderson in charge of the Methodist Churches of New England.

Mr. and Mrs. Edward Roy and little daughter, of Skowhegan, have been guests of Mr. and Mrs. Ben Collins for a past week. Sunday, the Collins carried them home to Skowhegan, by automobile.

Harry Haynes has been used up the past few days with indigestion.

Vernon Brown, the youngest son of Homer Brown, who has spent the summer with his grandmother, Marie Brown, has returned to his mother, in Harrison. Richard Brown has finished work for George Stevens in East Waterford and is visiting at his grandmother's, Mrs. Harriet Brown's.

Schools opened on Monday, Miss June Brown of Albany is in the primary room and Miss Muriel Sloan of Norway is in the grammar room. The schools are smaller in number this year.

Albert Hamlin has been quite ill with a bad cold, so he has required the attention of a doctor.

Wyman Kimball of Sweden has moved his family into the Earl Marr rent at the top of Mill Hill. Mr. Kimball is to take Nason McAllister's place with Hill & Marr.

Mr. and Mrs. F. B. Lyman were in town on Monday, at his aunt's, Mrs. Martha Perry's.

Annie Gardner, who has gone to Portland to attend high school, has found her friend and classmate, Marie Porter, who is living quite near where Annie does. Just fine for the two girls! It is indeed nice for both to be together in the same high school.

NORWAY—NOBLE'S CORNER
Recent callers at the home of Mr. and Mrs. O. N. Cox, were Mr. and Mrs. Larry Lester and sons, of Gilend, Mr. and Mrs. Sanford Brown of South Paris.

Mr. and Mrs. Ernest Brown went to Bethel, Monday, to carry their son, Donald, to his school. He has always been their right-hand man and they will miss him greatly during his absence.

Mr. and Mrs. F. O. Chadbourne and Mr. and Mrs. George Marr of North Bridgton, recently visited their sister, Mrs. E. K. Shedd.

Roy Lord is receiving great praise for his road making in North Waterford, commencing at the Albany line it extends nearly to East Waterford.
